

Health Exam Waiver Form

*The National Blessing & Family Ministry takes the well being and success of all matched and Blessed couples very seriously. This is why applicants are required to submit health documentation and STD test results. However, if you so choose, you may, **as a couple**, decide to waive this requirement.*

Dear National Blessing & Family Ministry,

“We, have fully disclosed our past and take full responsibility for our future marriage, and both choose to waive the health exam and STD test results for the matching and Blessing application.”

Sincerely,
